

24. ECO INFO – TREE SPECIES SUITABLE FOR PLANTING

Edited 20/12/01

SPECIES	SIZE	LOCATION, USE
Acmena smithii (Lillypilly)	Understorey tree	Forest perimeters; groups and specimens.
Alphitonia excelsa (Red Ash)	Understorey tree	Forest perimeters; van sites, groups and specimens
Angophora costata (Sydney Red Gum)	Canopy tree	Park perimeters; groups and specimens remote from traffic.
Angophora floribunda (Rough Barked Apple)	Canopy Tree	Park perimeters; groups and specimens remote from traffic.
Caldcluvia paniculosa (Corkwood)	Understorey tree, pioneer	Forest perimeters
Casuarina glauca (Swamp She Oak)	Understorey tree	Lakefront; groups. Saline or brackish
Cryptocarya glaucescens (Brown Beech)	Understorey tree	Forest perimeters; van sites, groups and specimens
Cupaniopsis anacardioides (Tuckeroo)	Understorey tree	Forest perimeters; lakefront, van sites, groups and specimens.
Elaeocarpus obovatus (Hard Quandong)	Understorey tree	Forest perimeters; van sites, groups and specimens
Eucalyptus gummifera (Red Bloodwood)	Canopy tree	Landward boundaries; groups and specimens
Eucalyptus robusta (Swamp Mahogany)	Canopy tree	Groups and specimens
Eucalyptus tereticornis (Forest Red Gum)	Canopy tree	Landward boundaries; groups and specimens
Eucalyptus haemastoma (Scribbly Gum)	Canopy tree	Specimen tree
Eupomatia laurina (Bolwarra)	Understorey tree, pioneer	Forest perimeters
Ficus fraseri (Sandpaper Fig)	Understorey tree, pioneer	Forest perimeters; van sites, groups and specimens
Ficus rubiginosa (Port Jackson Fig)	Canopy tree	Lakefront, groups and specimens

Note: - Highlighted species are suitable for this area.

SPECIES	SIZE	LOCATION, USE
Glochidion ferdinandi (Cheese Tree)	Understorey tree, pioneer	Forest perimeters; van sites, groups and specimens
Guioa semiglauca (Wild Quince)	Understorey tree, pioneer	Forest Perimeters
Eucalyptus haemastoma (Scribbly Gum)	Canopy Tree	Specimen Tree. Sandstone vegetation type.
Livistona australis (Cabbage Palm)	Understorey tree	Groups and specimens; van sites, high water table
Melaleuca linariifolia (Snow in Summer)	Understorey tree	Groups and specimens; van sites, high water table
Melaleuca quinquenervia (Broad Leaf Paperbark)	Canopy tree	Paperbark forest groups and infill planting; van sites, high water table
Melaleuca styphelioides (Prickly Paperbark)	Understorey tree	Groups and specimens; van sites, high water table
Notelaea longifolia (Large Mock-Olive)	Understorey tree, pioneer	Forest perimeters
Polyscias elegans (Celery Wood)	Understorey tree, pioneer	Forest perimeters; van sites, groups and specimens
Syzygium oleosum (Blue Lillypilly)	Understorey tree	Forest perimeters; van sites, groups and specimens
Syzygium paniculatum (Magenta Lillypilly)	Understorey tree	Forest perimeters; van sites, groups and specimens

Note: - Highlighted species are suitable for this area.
